RECORD DRAWING

The signature of the undersigned on this record drawing certifies that the design information accurately reflects the original design and the material design changes made during construction that were brought to the undersigned's attention. These record drawings are intended to incorporate change orders and other material design changes, but not necessarily all site instructions. The undersigned does not warrant or guarantee, nor accept any responsibility for the accuracy or completeness of the record information supplied by others contained in these drawings, but does, by signing, certify that the record information, if accurate and complete, provides an as constructed system which substantially complies with all material respects with the original design intent.
